Notes from the Manure pile – Winter 2016

Well another ride season in the rear view and yet another on the horizon. The past season saw a lot of miles, something I don't think we have seen for a while, congratulations and thanks to all.

We had some very successful clinics and are continuing to attract new members, which is vital to the club. I hope this work can continue to not only attract new members, but to also provide information and education to our existing members. A suggestion was made that maybe a session to go over endurance rules and procedures may be a plan. I have seen a lot of confusion at both LD and Endurance rides over some procedures and rules. It would most likely be worthwhile; I don't think we have had one for general membership since the one is Sussex in the 90's.

I take the number of folks noticing errors in the website as a positive that the site is being used. Please be patient, we are still working out some parts and the information is still being updated. I appreciate anyone letting us know if there is incorrect data, we are working to correct and update as quick as we can.

Congratulations to all our members (and horses) that achieved milestones this year, every one of them should be a point of personal pride and something we should all respect and applaud. Those who have been around a while know what it takes to get there.

As always, I can be reached or contacted anytime with any suggestions, comments or complaints.

Happy Trails

Jan Thaw 2016

Once again, ACTRA was well represented at January Thaw Equine Expo!

There are 62 horses that have 1000 miles plus. We have photos of them all, the last one we got on the day before! Many ACTRA members were involved in finding pictures of the milestone horses. Bertha found pictures and printed many of. Ann did the list of mounts from the web site and colour coded it according to mileage. Having the list to work with made it easier to organize the photos. Thank you Jennifer for the hours of work you must have put into mount mileage on the web site. Many members sent their mounts pictures. Lucy found one mount we would have missed. Bev did some searching and sent the last photo the day before the Thaw. That gave us photos of all 62 milestone horses. Donna, Bertha, Kaaren, Bernice and Ann helped set up and work the booth. Roy and Rene ordered and sent us the new signs and cards, which added to the booth. It was a busy day. Many members renewed their membership and there were five new members. At the end of the day Donna and I felt it was a successful day. – submitted by Jean Bridges

Editor's Note: The January Thaw Equine Expo is a fundraiser. They actually raised \$4400 for the Children's Wish Foundation. Thanks to you ACTRA members who contributed to this effort!

You may remember last May when it was announced that our own Kathleen Schaefer applied for and was awarded a \$250.00 bursary from Nova Scotia Equestrian Federation.

It was for 2015 Long Term Equestrian Development (LTED)
Endurance/Competitive Trail.

Not only does this help with competition/training/education costs but it also brings wonderful attention to our sport – we encourage all our ACTRA members who also belong to NSEF to apply!

Highlights of the application information:

- You must have been an NSEF member (junior or senior) in Good Standing for the current and previous year.
- You must have lived in Nova Scotia for the past two (2) years and be a Canadian citizen or hold landed immigrant status.
- You must demonstrate a commitment to personal long term equestrian development.
- There is no limit to the number of times an applicant may receive this bursary.

The complete Application package must be received by NSEF by March 1st of each year.

[Link to NSEF LTED Bursary information](#)

“The Nova Scotia Equestrian Federation (NSEF) is committed to supporting amateur athletic development. To help support Nova Scotia equestrians of all disciplines, the NSEF created the LTED Bursary Program. Up to four bursaries of \$250 are awarded annually to those active NSEF members who exemplify a commitment to skill development.”

NB riders – not to worry! NBEA offers a similar program, details to follow as soon as we receive'em!

Hello friend!

I recently joined the AERC board as sanctioning director for the Northeast Region, which stretches from Virginia north to the eastern Canadian Provinces and west to Ohio, and have been challenged to help grow membership in our region of the country.

If you're interested in learning more about endurance riding and are considering joining the American Endurance Ride Conference for the first time, I've got a great offer, good through March 31, 2016 for ACTRA members. **I'll chip in \$30 USD towards the first-time individual member rate of \$63.75 USD.**

If you enter just two AERC rides before Nov. 30, 2016, this membership will "pay for itself" since you wouldn't be charged a non-member ride entry fee. You'll also receive *Endurance News* magazine and free AERC registration for one horse (\$15 USD value).

When I first joined AERC in 1999, little did I guess how much becoming involved in this sport would benefit my overall life. Like most of us, I've faced challenges in my career and personal life. Endurance riding develop my determination and self-reliance, and also provided a wonderful outlet that motivated me to find solutions.

AERC's emphasis on welfare of the horse and "To Finish is to Win" offers meaningful recognition for all participants, who are recognized for reaching mileage goals as well as placement at individual rides.

In recent years, I haven't always been able to compete as much as I'd like, but enjoy "paying it forward" as a volunteer before, during and after rides - help clear and mark trail, serve & clean up ride meals or take pulses and scribe for vets. Though not a parent, I've found deep satisfaction in sponsoring juniors and mentoring young riders in our sport.

Should you want to take me up on my offer, visit www.aerc.org, click on the link at the top and enter payment information. Or, fill out and mail in the attached form. Your name will appear in AERC's online member database the same the day you join online (or as soon as your mailed application is processed) and I can either mail you the \$30 check or provide via PayPal.

I'm just an email, call or text away if you have any questions or want some advice! Thanks for considering joining AERC, and best wishes for safe and happy holidays,

Mary Howell

Sore Back/Saddle Fit Clinic with Dr. Jeannie Waldron has been confirmed Dates April 16 and 17.
Place: Donna McInnis D@ D Stables, Cap Pale, New Brunswick - about 40 minutes from Amherst and about the same from Moncton. This clinic will be of benefit to all riders, regardless of discipline or saddle type.
Contact Garnet Gallant for details.

Our Jean Bridges is featured in Atlantic Horse & Pony!

Betty Dwyer & Hooley On The Edge" ride in Florida. Team Dwyer rode the 53mi in the thunder and rain to place a respectable 4th place along with Canadian Myna Cryderman, thanks to Hooley (seems he's top of his game pulsing in at 42 at the finish) and crewman Eric - was a great ride. Huge congratulations to Bob Gielan riding More Bang for your Buck, placing 1st plus BC and High Vet. Can't get any better than that. Ride on Canada !!!!

An ACTRA ride in Stanley with Pat Ritcey & Sir Ruby, Steve Loughnan & MDA Four On The Floor and Elwood & Arabian Style! Look for Pat to be back out on the trails this season!

Not everyone flees our winter cold – Heather Weatherhead and her ACTRA mount, Phoenix are having fun conditioning!

Donna Lee's endurance partner, Solara, is finding the winter pretty interesting too! "Good girl"!

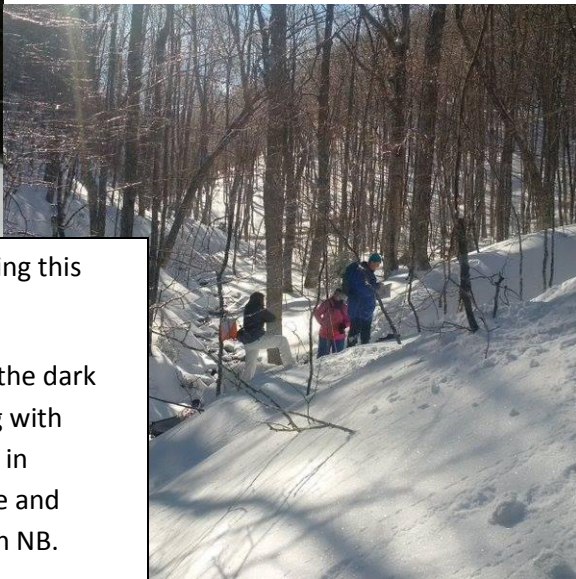

From Ms Shania Twain's FB page (thanks to Rene's eagle eye for noticing this) "Had a blast riding endurance horses in Ocala, FL with Heather and Jeremy Reynolds, members of the U.S. Endurance Team! "

Just some of the fun ACTRA members are having this winter!

Riding with your friends, a quick ride alone in the dark with just a halter & reins before supper, riding with your grandchildren; snowshoeing with friends in Wentworth, NS; snowshoeing with your horse and finding she likes it, trail riding with your wife in NB.

Dear Mistakes,

I used to fear you. I thought you were proof of my ineptitude. A sure sign that I would never reach my goals. Now I think I have finally figured out who you really are.

Sometimes you are a lack of focus, irritating but forgivable.

Other times you are a welcome step in learning, a sign of advancement. Another step toward mastery.

Or you show up when I am taking a risk, reaching for that next level of achievement or that competitive edge in the show ring. Given the chance your companion, 'reward,' can also show up during this time, I have decided I really I don't mind.

Finally sometimes my teammate has different ideas—so you happen. But given I am involved in an awesome sport with a living breathing wonder of a partner I will accept your presence. Then go back and work earnestly on my communication skills.

You are a strange friend, but one who challenges me to continue to ride with purpose. So I have decided not to fear you, nor to avoid you.

So today I want to offer you, mistakes, my thanks. Thank you for being part of my riding and my life. Thank you for molding me into a stronger rider and better partner. And by the way, my horse thanks you too.
